

# Easy to use HR software designed for SMEs

Escape employee admin.  
Build, retain and motivate a great team

Developing a high performing team is essential if a small business is to succeed. But managing employees can be time-consuming and bury you in admin.

## Get rid of HR admin ... focus on growing your business

- ☛ Automate holiday booking and sickness processes
- ☛ Staff are responsible for updating their own records
- ☛ Receive reminders for key events / dates

## Develop employees ... manage your staff effectively

- ☛ Built in process for 1-1s and performance management
- ☛ Record and monitor employee objectives
- ☛ Allows you to delegate to managers

## Motivate employees ... staff feel valued as you've taken the time to manage them

- ☛ Track training & career development
- ☛ Ensure staff progressing
- ☛ Employees know they are progressing.
- ☛ Great performance management process
- ☛ Track benefits & rewards

## Attract employees ... differentiate your business

- ☛ Demonstrate you take staff induction, training and skills seriously
- ☛ Implement a high quality induction process
- ☛ Well thought through performance management process

## Access on the move ... breatheHR works around you and your employees

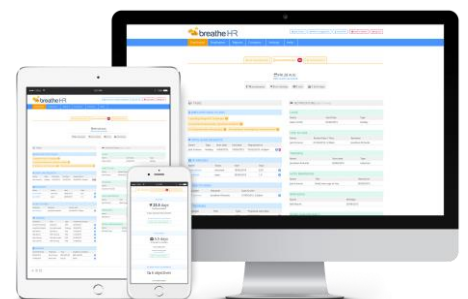

- ☛ Available to everyone, when and wherever
- ☛ Online announcements to all staff
- ☛ Email reminders of key events
- ☛ Shared documents and templates

“ We've been using breatheHR for a year and we're really impressed with the simplicity of the product. This is backed up by a great support team who are always on hand to help me with any questions. ”

Marc Gumbrill - Born Free Foundation

“ This system is so easy to use, covers all the angles and at a great price too. I am very impressed, so much so that I recommended it to like-minded business associates in the hope it can do the same for them. ”

Sam Francis - TEK Express
